Started to work independently on plot design and related presentation materials in the urban design programme

 Participation in the whole process of project

# Design programme - participation in design and reporting

**■ Follows business trips and participates in departmental interface and** 

## expert review meetings

After the completion of the programme in February, I started to work with the City Planning Bureau and relevant departments, and I participated in the presentation meeting and the expert review meeting of the urban design programme. As a participant, I provided further explanations of the programme when needed.

Matchmaking for the revision of land spatial planning in Ji'an

In the territorial spatial planning programme, I participated in the expert review of the plan and revised the programme in accordance with the comments.
